Lily of Lonestorm is a whimsical Tall Tale for all readers from age six up. Lily's incredible adventures take place in a 17th or maybe 18th century fantasy world of windswept isles and storms at sea, seaweed fritters and a ship with Special Potentiality. Our Heroine is a solitary but courageous Girl who, having mislaid her parents, is determined to find them, even if it means sailing to the Other Side of the Windy Western Ocean where many believe all the seas tip over the edge into the darkling void. Readers will enjoy meeting Lily's Companions amongst whom some surprising Pirates and a very wicked Coghleenie, a bad-tempered nanny Goat and a helpful Whale. I've sailed the seas, I've seen new lands I've explored, I've fought, I've flown, But when all is said and done I think My best of all place is Home. Lily of Lonestorm is part of the Threepenny Tales series. Threepenny Tales: you know, those little books, cheap and easy to come by, light to carry around, sure to entertain and while away an idle hour with stories of Romance, Wonder, Adventure and the like... FOR STORY LOVERS FROM AGE SIX
